About Us Cryptsence

HOW OUR SYSTEM WORK

Forex Trading

Forex is a portmanteau of foreign currency and exchange. Foreign exchange is the process of changing one currency into another for a variety of reasons, usually for commerce, trading, or tourism. According to a 2019 triennial report from the Bank for International Settlements (a global bank for national central banks), the daily trading volume for forex reached \$6.6 trillion in April 2019.

Crypto Trading

A CRYPTOCURRENCY is a Decentralized Digital Asset which works on Blockchain Technology since 2009. A BLOCKCHAIN is a Decentralized ledger that records all peer-to-peer transactions. Members can make transactions without the requirement for a central clearing authority using this technology. Fund transfers, trade settlement, voting and a variety of other difficulties are all possible uses .we are earning from NFT, Nods, Ai Arbitrage Trade. Margin, Futures, Spot Trading, iQ Option Trading, POS Stable Token and Coins Staking.
